The City of Marysville Community Development Department's review of this project indicates there is a potential for it to be used for high-piled or rack storage as defined by the local Building and Fire code. If this is the case, special fire protection features may be required beyond those specified in the initial building permit plan review. In addition, the Fire Department will review the project for Fire code provisions.

Please check the appropriate box below, sign, and return this form to the Community Development Department at the address listed above. If you have questions, please contact us at 360-363-8100. If additional fire protection features are required, you will be notified in writing.

☐ This building will **not** be used high-piled storage as defined by the code:

- ♦ Storage in piles or on pallets, in racks or shelves where the material being stored will not exceed twelve (12) feet in height, or
- ♦ Tires, Group A plastics, flammable liquids, idle pallets or similar high hazard materials will not be stored above six (6) feet in height.

☐ This building **will** be used for high-piled storage, and will be designed to conform to Building and Fire code requirements. A permit is required.

NOTE: If you checked this box, please complete the attached supplemental form.

☐ This building is a speculation building without a tenant at this time. The owner will notify the tenant that there may be special requirements for high-piled storage, and will be advised to contact the Community Development Department for permits prior to occupancy.
